TECHNICAL PROJECTS

Track My Chores, Front-End Mobile Engineer (React Native, Expo) Jun 2025 - Present

A mobile task management app with parent and kid interfaces

[Apple App Store](#) | [GitHub](#)

- Collaborated with a back-end engineer and UI/UX designer to launch a cross-platform mobile task management app for iOS and Android; managed the full frontend development lifecycle and App Store deployment.
- Debugged complex frontend issues and integrated backend functionality (MongoDB, Node.js, JWT) through iterative testing and user feedback.
- Collaborated with a back-end engineer to resolve push notification and transactional email bugs, ensuring 100% reliability for end-users.

Yosemite Reservations, Full Stack Engineer (Next.js, TypeScript)

Jul 2025

A responsive full-stack app for booking Yosemite campsites with NPS API integration

[Website](#) | [GitHub](#)

- Built a responsive full-stack app integrating the National Park Service API; handled complex JSON data mapping and API-driven content rendering.
- Debugged API data flow and implemented JWT authentication with secure cookies, demonstrating deep understanding of modern web security.

PROFESSIONAL EXPERIENCE

FP Movement

Jan 2025 - Present

Assistant Manager

Tiburon, CA

- Own end-to-end resolution of high-intensity customer issues, using fact-based questioning to identify root causes and energy-matching to de-escalate frustrated clients.
- Prioritize competing team responsibilities based on urgency as Manager on Duty, maintaining service quality during peak traffic.
- Trained 10+ employees on effective communication and problem-solving, using role-playing to strengthen customer interaction skills.

Red Dragon Yoga

Oct 2023 - Jan 2025

Assistant Manager

San Rafael, CA

- Author of the studio's first Technical SOP for app-specific troubleshooting, reducing escalation frequency to software vendors and improving internal resolution speed.
- Spearheaded technical triage for 150+ daily users, identifying and resolving class-booking bugs and account access issues via Mindbody CRM.
- Managed 20+ daily support emails, resolving complex billing and account conflicts with a focus on empathy and urgency.

Bernstein Private Wealth Management

Mar 2020 - Oct 2020

Client Coordinator

Remote

- Managed remote client support tickets through Salesforce, documenting issues and coordinating timely resolutions for high-net-worth clients.
- Provided clear, patient guidance for account access, login hurdles, and website navigation, serving as the firm's frontline technical support.

EDUCATION

Full Stack Development Certificate

2025

Coding Dojo / Colorado Technical University

Remote

B.A. in Environmental Studies (Cum Laude)

2018

University of California, Santa Cruz

Santa Cruz, CA
